Index to Volume 44, 2005

Abandonment, abandoned and formerly abandoned children, La Paz, Bolivia (abstract), 591
Academic performance
  low-birthweight children, lingering academic deficits (abstract), 547
  psychosocial characteristics and, ELBW adolescents (abstract), 717
Access to care
  child psychopathology, informal and professional services, Netherlands (online), 1292
  family reports of care denials for children enrolled in TennCare (abstract), 303, 376
  private practices for children, organizational characteristics and preventive service delivery (abstract), 1150
Acoustic startle responses, PTSD and, adolescent girls, 807
Acquired immunodeficiency syndrome
  orphans of, clinical problems, children, 585
  psychiatry's role in the epidemic, youths, 728
Activation gradients, ventrolateral prefrontal cortex, ADHD persistence and, adolescent boys, 47
Acute dystonia, stimulant-atypical antipsychotic interaction and, Letter to the Editor, 510
Adaptation, among sexually active urban girls younger than 16, 358
ADHD. *see* Attention-deficit/hyperactivity disorder (ADHD)
Adiposity, adult, childhood BMI relation to, Bogalusa Heart Study (abstract), 767
Adolescents. *see also* Children
  adaptation among sexually active urban girls younger than 16, 358
  ADHD and MR, risperidone and MPH, 748
  adolescent-onset first-episode psychosis, comparison with adult-onset, 782
  adverse psychological effects of corticosteroids (abstract), 1004
  affect and sexual behavior, sampling methods (abstract), 1023
  antidepressant drug utilization study using research database (abstract), 646
  atomoxetine treatment for ODD and ADHD, 240
  autistic, management of agitation and aggression, 829
  bariatric surgery for severely overweight adolescents (abstract), 398
  beliefs about risks in smoking "light cigarettes" (abstract), 469
  binge and harmful drinking, late adolescence to early adulthood (abstract), 521
  bipolar disorder treatment guidelines, commentary, 236
  black females, adverse health consequences of depression (abstract), 1248
  boys, activation gradients in ventrolateral prefrontal cortex and ADHD persistence, 47
  Brief Impairment Scale (online), 699
  conversion disorder outbreak, Amish girls, 291
  depressed, trial of antidepressant medication, CBT, 888
  do movie stars influence smoking initiation (abstract), 168
  DRD4 gene exon III polymorphism and smoking, 477
  ECG changes after ziprasidone treatment, 73
  ELBW, psychosocial and academic characteristics (abstract), 717
  ELGA, behavioral and emotional adjustment (abstract), 547
  family therapy for anorexia nervosa, 632
  girls, acoustic startle responses, PTSD and, 807
  girls, TOCA-R identification of violence among, adolescents, 790
  hematological adverse events of clozapine, 1024
  HIV-infected, psychiatric hospitalizations (abstract), 197
  Hungarian, suicide and help-seeking in, Letter to the Editor, 628
  initiation of sexual behavior predicted by watching sex on television (abstract), 427
  late-onset antisocial behavior, follow-up with, 1284
  marijuana abuse and conduct problems, contingency management (online), 513
  MRI neuroimaging, first episode psychosis, 1151
  nicotine dependence, clinical approach to treatment, 942
  oral versus vaginal sex among (abstract), 1023
  organ transplant recipients, PTSD in (abstract), 1283
  overweight, risk group for iron deficiency (abstract), 297
  practice parameters for assessment and treatment
    juvenile justice facilities, 1085
    substance abuse disorders, 609
  predictors of personality change after TBI (online), 434
  predictors of secondary ADHD following TBI (online), 1041
  prevalence of psychiatric disorders among older youths, foster care, 88
  psychiatric disorders, 10-year review of epidemiology, methods and public health burden, 972
  psychometric properties of Screen for Child Anxiety-Related Emotional Disorders, 283
  psychotic risk, intervention in, Letter to the Editor, 512
  RAD, practice parameters for assessment and treatment, 1206
  reboxetine treatment of ADHD, 428
  rights of, Jehovah's Witnesses (abstract), 1175
  risk factors, longitudinal epidemiological study, 121
  school daily schedule impact on sleep (abstract), 1275
  screening and counseling for risky health behaviors (abstract), 1098
  sexual orientation and (abstracts), 264
  steady-state pharmacokinetics of bupropion SR, 349
  TADS (online), 28
  tobacco addiction, efficacy of nicotine patch and gum for (abstract), 946
  treatment following suicide attempts, 113
  treatment guidelines for bipolar disorders (online), 213
  trends in typical and atypical antipsychotic usage, 548
  turning points in psychotherapy, 191
  type I diabetic, depressive symptoms and hospitalization (abstract), 898
  use of performance-enhancing substances (abstract), 1031
  with OCD, naturalistic study, 673
  with social phobia, community-based group CBT, 258
Adoption, children in adoptive families, overview and update, 987

Adverse events
hematological, of clozapine, 1024
preventable, children (abstracts), 639
Affect, sexual behavior, sampling methods, adolescents (abstract), 1023
Aggressive behavior
boys, cognitive group therapy
invited commentary, 844
Letters to the Editor, 843
custody determinations involving intimate partner violence, human rights analysis (abstract), 176
in schizophrenia, effect of clozapine, 55
management of agitation and, autistic adolescents, 829
physical, early childhood, trajectory and predictors (abstract), 144
Agitation, management of aggression and, autistic adolescents, 829
Agranulocytosis, clozapine and, children and adolescents, 1024
Alcohol abuse
binge and harmful drinking, late adolescence to early adulthood (abstract), 521
follow-up with adolescents with late-onset antisocial behavior, 1284
impaired parental judgment, legal and ethical considerations (abstract), 556
American Academy of Child and Adolescent Psychiatry, practice parameters for assessment and treatment of substance abuse disorders, 609
American Academy of Pediatrics
diagnostic guidelines for ADHD (abstract), 72
pediatricians and, guidelines for children's media (abstract), 681
Amish girls, conversion disorder outbreak, 291
Amish youth, prodromal patterns of bipolar disorders, 1104
Amphetamines, tolerability and effectiveness of daily Adderall XR®, children with ADHD, 530
Amygdala, gray matter volume, familial pediatric bipolar disorders, MRI, 565
Anorexia nervosa
adolescent, family therapy for, 632
manualized family therapy for, 41
Antidepressants
drug utilization study using research database (abstract), 646
pediatric patients, FDA deliberations on (abstract), 1262
pediatricians and, black box or black hole (abstract), 1136
suicidality and research synthesis, thinking outside the (black) box (abstract), 1136
trial of, CBT and, depressed adolescents, 888
Antipsychotic medications, usage trends, children and adolescents, 548
Antisocial behavior, late-onset, follow-up with adolescents with, 1284
Anxiety
ADHD with, atomoxetine with/without fluoxetine, 915
depression and PTSD, mothers of pediatric HSC transplant survivors (abstract), 158
early intervention in a school setting, 996
expression and developmental differences, 656
face-emotion processing in offspring at risk for panic disorder, 664
panic disorder without report of, Letter to the Editor, 407
psychometric properties of Screen for Child Anxiety-Related Emotional Disorders, adolescents, 283
reboxetine treatment of ADHD, children and adolescents, 428
relief of pediatric pain and, emergency medical systems (abstract), 747
school-based interventions, 1118
Anxiety disorders
ADHD with, sequential therapy with MPH and FVL, 418
childhood, fluoxetine trial, 1263
depression and, fluvoxamine in children and adolescents with cancer, 1258
telephone assessment of, children, 274
Aripiprazole, pripaism associated with oxcarbazepine, lithium and, Letter to the Editor, 1223
Asperger's syndrome
ADHD, autism and, Letter to the Editor, 1101
ADHD and, Letter to the Editor, 210
Ataques de nervios, Puerto Rican children, psychiatric disorders and, 1184
Atomoxetine
daily treatment for ADHD, children (abstract), 186
increased BP and, Letter to the Editor, 510
once daily in school setting, ADHD (online), 647
tics and, ADHD, Letter to the Editor, 405
treatment for ADHD and ODD, children and adolescents, 240
with/without fluoxetine, ADHD with comorbid depressive and anxiety symptoms, 915
Attachment status
children in adoptive families, overview and update, 987
HR correlates, young mothers and their infants, 470
Attention, long-term problems after TBI, children, 574
Attention-deficit/hyperactivity disorder (ADHD)
AAP diagnostic guidelines (abstract), 72
activation gradients in ventrolateral prefrontal cortex and persistence of, adolescent boys, 47
answerable question and hierarchy of evidence, 596
antipsychotics in disruptive behavior disorders and, Letters to the Editor, 969
Asperger's syndrome, autism and, Letter to the Editor, 1101
Asperger's syndrome and, Letter to the Editor, 210
atomoxetine treatment for ODD and, children and adolescents, 240
comorbid depressive and anxiety symptoms with, atomoxetine with/without fluoxetine, 915
comorbid psychopathology and, evaluation in twin samples, 768
computerized training of working memory, 177
daily atomoxetine treatment (abstract), 186
DSM-IV, family adversity in, 690
DSM-IV, gender differences, Australia, 159
gender differences in subtype comorbidity, 368
management of treatment-induced insomnia, 499
meta-analysis of working memory impairments (online), 377
motivational effects on motor timing, 451
MPH administration, summer treatment program, 249
MPH and epilepsy (abstract), 655
MPH transdermal system in, 522
once-daily atomoxetine in school setting (online), 647
PANDAS with catatonia, response to lorazepam and plasmapheresis, 1145
parent reports and outcome assessment (abstract), 129
practice guidelines in primary care (abstract), 54

predictors of, within 6 months of TBI, 1032
prefrontal and executive attention network lesions, 443
public-funded outpatient specialty mental health care (online), 130
reboxetine treatment of, 428
secondary, predictors of, following TBI (online), 1041
sibling pair families with, familial clustering of executive functioning, 385
subtypes of, variability in time reproduction in, 169
talking to families about, Letter to the Editor, 111
tics and atomoxetine, Letter to the Editor, 405
tolerability and effectiveness of daily Adderall XR®, 530
transdermal MPH, children, Letter to the Editor, 1223
treatment with once-daily OROS® MPH, long-term study, 1015
twin study of longitudinal course, Letters to the Editor, 625
with ANX, sequential therapy with MPH and FVL, 418
with MR, risperidone and MPH, 748
Attentional difficulties, diagnosis and treatment, nationwide survey (abstract), 538
Autism
ADHD, Asperger's syndrome and, Letter to the Editor, 1101
adolescent, management of agitation and aggression, 829
U.S.D.E. data not reliable for tracking prevalence (abstracts), 1166
Autism spectrum disorders
long-term effects of risperidone, 1137
modeling clinical outcomes (abstract), 1144
open-label trial of escitalopram, 343

Bariatric surgery, severely overweight adolescents (abstract), 398
Basal ganglia
PANDAS with catatonia, response to lorazepam and plasmapheresis, 1145
Tourette's disorder, brain MRI, 1301
BCAA. *see* Branched-chain amino acids
Bed-sharing
parent-infant, prevalence and characteristics, England (abstract), 814
sleep problems and, Swiss children, 814
Behavior checklists, pediatric bipolar disorders, evidence-based assessment from, 823
Behavioral disorders
diagnosis and treatment, pediatric practice (abstract), 442
school children, related to cognitive test data (abstract), 95
Behavioral outcomes, psychopathology and, VLBW infants at age 20 (abstract), 493
Benchmarking, effectiveness of psychotherapy, evidence-based practice, 1058
Benzoate preservatives, artificial, hyperactivity in preschool children and (abstract), 18
Bipolar disorders
evidence-based assessment, 712
evidence-based assessment from behavior checklists, 823
familial pediatric, amygdalar gray matter volume, MRI, 565
juvenile-onset, Letter to the Editor, 966
lithium versus divalproex, maintenance treatment trial, 409
offspring, commentary, 1111
offspring, commentary response, 1115
PEA-BP type I, encopresis and enuresis in children, 1050
pediatric versus psychiatric facilities, 776
pediatric, memory and learning, 461
pediatric, 10-year review, 846
prodromal patterns, Amish youth, 1104
topiramate for mania, trial in children and adolescents, 539
treatment guidelines for children and adolescents, commentary, 236
treatment guidelines for children and adolescents (online), 213
Black-box warning
antidepressants, suicidality and research synthesis (abstract), 1136
black hole or, pediatricians and antidepressants (abstract), 1136
suicidality following, Letter to the Editor, 405
Blood pressure, increased, atomoxetine and, Letter to the Editor, 510
Body mass index
child, parental feeding attitudes, styles and, gene–environment interactions (abstract), 498
childhood, relation to adult adiposity, Bogalusa Heart Study (abstract), 767
Body weight
bariatric surgery for severely overweight adolescents (abstract), 398
overweight adolescents, risk group for iron deficiency (abstract), 297
Boys
activation gradients in ventrolateral prefrontal cortex and ADHD persistence, 47
adolescent with psychosis, Internet as developmental tool in, 187
aggressive behavior, cognitive group therapy Letters to the Editor, 843
childhood predictors of psychiatric disorders, 756
disruptive behavior problems, influence of maternal stress, 265
Brain
MRI, Tourette's disorder, 1301
volume, MRI neuroimaging, first episode psychosis, adolescents, 1151
Branched-chain amino acids, withdrawal-type dyskinesia treatment with, Letter to the Editor, 1102
Breastfeeding, rates by child, mother, or family characteristics (abstract), 767
Brief Impairment Scale, children and adolescents, 699
Bruises
accurate aging in children (abstract), 933
childhood patterns, diagnostic of abuse (abstract), 933
Bupropion SR, steady-state pharmacokinetics, juvenile patients, 349

Cancer, depression and anxiety disorders in children with, fluvoxamine treatment, 1258
Cannabis. *see* Marijuana
Catatonia, PANDAS with, response to lorazepam and plasmapheresis, 1145
CBFT. *see* Cognitive-behavioral family therapy
Cerebrospinal fluid, MRI neuroimaging, first episode psychosis, adolescents, 1151
CFS. *see* Chronic fatigue syndrome
Child abuse
childhood bruising patterns, diagnostic of abuse (abstract), 933

inflicted and unintentional fatal head injuries, neurological presentation (abstract), 1192
preschool children, cognitive and neuroimaging findings (abstract), 797
wild child, Letters to the Editor, 1
Child Behavior Checklist (CBCL), Turkish 2- to 3-year-old children, behavioral and emotional problems, 80
Child–parent psychotherapy, preschoolers and marital violence, evidence-based treatment, 1241
Children. *see also* Adolescents; Infants; Newborns
abandoned and formerly abandoned, La Paz, Bolivia (abstract), 591
accurate aging of bruises (abstract), 933
ADHD and MR, risperidone and MPH, 748
adverse psychological effects of corticosteroids (abstract), 1004
antidepressant drug utilization study using research database (abstract), 645
anxiety disorders, telephone assessment of, 274
anxiety, expression and developmental differences, 656
anxiety, school-based interventions, 1118
atomoxetine treatment for ODD and ADHD, 240
bilingual, diagnosis of SM, 592
bipolar disorders
10-year review, 846
treatment guidelines, commentary, 236
bipolar disorders, pediatric versus psychiatric facilities, 776
Brief Impairment Scale (online), 699
changes in psychosomatic symptoms, Finland (abstract), 986
clinical problems, AIDS orphans, 585
custody determinations involving intimate partner violence, human rights analysis (abstract), 176
daily atomoxetine treatment of ADHD (abstract), 186
disruptive behavior disorders and subaverage intelligence, effect of risperidone, 64
early childhood, physical aggression, trajectory and predictors (abstract), 144
ECG changes after ziprasidone treatment, 73
essential tremor among (abstract), 655
hematological adverse events of clozapine, 1024
high-quality preventive care, prevalence and correlates (abstract), 775
HIV-infected, psychiatric hospitalizations (abstract), 197
in adoptive families, overview and update, 987
missing, pediatricians in the prevention of (abstract), 501
OCD, naturalistic study, 673
parents' discipline of, results of NSECH (abstract), 348
practice parameters for assessment and treatment, substance abuse disorders, 609
predictors of personality change after TBI (online), 434
predictors of secondary ADHD following TBI (online), 1041
preschool
behavioral and emotional problems, Turkish children, 80
hyperactivity in, effects of food colorings and preservatives (abstract), 18
physically abused, cognitive and neuroimaging findings (abstract), 797
predictive validity in prospective follow-up, PTSD, 899
preterm EBLW, executive functioning as school-age children, 391
preventable adverse events (abstracts), 639
psychiatric disorders, 10-year review of epidemiology, methods and public health burden, 972
public-funded outpatient specialty mental health care (online), 130
RAD, practice parameters for assessment and treatment, 1206
reboxetine treatment of ADHD, 428
relief of pain and anxiety, emergency medical systems (abstract), 747
reports by, pediatric outpatient settings (abstract), 1083
rights of, Jehovah's Witnesses (abstract), 1175
school-age
behavioral and learning problems related to cognitive test data (abstract), 95
SDB and behavioral morbidity (abstract), 789
streptococcal infections, symptom exacerbations related to tic disorders and/or OCD (abstract), 63
TBI, long-term attention problems, 574
treatment guidelines for bipolar disorders (online), 213
trends in typical and atypical antipsychotic usage, 548
turning points in psychotherapy, 191
unexplained pain, diagnostic approach to (abstract), 707
use of performance-enhancing substances (abstract), 1031
violent behavior and injury, primary care-based interventions (abstract), 573
violent television viewing, parent monitoring (abstract), 235
wild child, Letters to the Editor, 1
with ADHD, once-daily atomoxetine in school setting (online), 647
with hearing loss, concerns of families and, 96
Children's Depression Inventory, depression assessment by, medically ill children, 249
Chronic fatigue syndrome
JRA and emotional disorders, family health and characteristics, 150
outpatient rehabilitative treatment (abstract), 290
Circadian rhythms, sleep disorder resolved by melatonin, psychiatric misdiagnosis, 1271
Clinical trials, research knowledge among parents of participating children (online), 145
Clozapine
effect on aggressive behavior in schizophrenia, 55
hematological adverse events, children and adolescents, 1024
hormonal correlates of weight gain induced by, psychotic children, 925
NMS after initiation, Letter to the Editor, 1101
Cocaine, infants exposed to, cognitive, motor, and behavioral outcomes (abstract), 273
Cognitive development, long-term, children with prolonged crying (abstract), 767
Cognitive function
early childhood computer experiences and (abstract), 95
effects of early adversity on (abstract), 595
low-birthweight children, lingering academic deficits (abstract), 547
test data, behavioral and learning problems related to, school children (abstract), 95
Cognitive-behavioral therapy
adolescents following suicide attempts, 113
depressed adolescents, trial of antidepressant medication, 888
family, childhood OCD, outcome predictors, 1005
group
aggressive boys, invited commentary, 844
aggressive boys, Letters to the Editor, 843
community-based, adolescents with social phobia, 258

sertraline versus, in OCD, 1128
inpatient psychiatric hospitalization, 708
school-based interventions for childhood anxiety, 1118
supportive therapy for depression versus, Letters to the Editor, 841
treatment-resistant pediatric depression, pharmacological management, 198
Colic, infants, feeding difficulties and (abstract), 556
Colonic transit times, constipation prognosis, clinical factors and (abstract), 402
Committee on Child Health Financing, Medicaid, policy statement (abstract), 1316
Communications
between primary care providers and parents, content analysis of e-mails (abstract), 952
pediatric resident's responses discouraging discussion of psychosocial problems (abstract), 1127
Community interventions
childhood predictors of psychiatric disorders, boys, 756
group CBT based in, adolescents with social phobia, 258
Computer experiences, early childhood, cognitive and motor development (abstract), 95
Computerized training, of working memory, children with ADHD, 177
CONCERTA®, ADHD treatment with once-daily OROS® MPH, long-term study, 1015
Conduct disorder, late-onset, follow-up with adolescents with, 1284
Conners Revised Short Forms, genetic and environmental contributions, ODD twin study, 907
Constipation
childhood, treatment by primary care physicians (abstract), 1057
occurring before stool toileting refusal (abstract), 257
prognosis, clinical factors and colonic transit times (abstract), 402
Consumerism, health care, detrimental to child health, children with FAP (abstract), 887
Contingency management, adolescent marijuana abuse and conduct problems (online), 513
Conversion disorder, Amish adolescent girls, 291
Coricidin® HBP Cough and Cold, addiction to, Letter to the Editor, 509
Cortex, Tourette's disorder, brain MRI, 1301
Corticosteroids, adverse psychological effects, children and adolescents (abstract), 1004
Crying, prolonged, long-term cognitive development in (abstract), 767
Cultural diversity, children's sleep as interplay between biology and (abstract), 822
Cultural syndromes, *Ataques de nervios,* Puerto Rican children, psychiatric disorders and (online), 1184
Custody determinations, involving intimate partner violence, human rights analysis (abstract), 176
Cystic fibrosis, psychosocial risk associated with newborn screening for (abstract), 1312

DDL. *see* Defecation disorders list
Declarative memory, wild child and, Letter to the Editor, 627
Defecation disorders list, health-related QOL in (abstract), 698
Delinquency
early violent death among youth (abstract), 1197
PTSD, trauma exposure, psychiatric comorbidity and, female juvenile offenders, 798
Delirium
diagnosis in pediatric patients, commentary, 395
severely ill young children in PICI, 392
Depression
ADHD with, atomoxetine with/without fluoxetine, 915
adolescent type 1 diabetics, hospitalization and (abstract), 898
adolescents, trial of antidepressant medication, CBT, 888
adverse health consequences and, black adolescent females (abstract), 1248
anxiety and PTSD, mothers of pediatric HSC transplant survivors (abstract), 158
anxiety disorders and, fluvoxamine in children and adolescents with cancer, 1258
assessment by CDI, medically ill children, 249
